

**Hands are
capable of
amazing things.**

**A freelance graphic designer is a spare pair
of hands ready to work for your company.**

Do you need someone to balance the workload in your design department or to be your company's graphic design resource? I am a seasoned professional with experience in identity/branding, advertising, packaging, marketing material, internet design, signage, illustration, project management, art direction and more.

Have a project begging for attention?

Check out my portfolio at www.nimon.net or call me at 330.232.1888. Thanks!
